Work Experience

May 2024 - May 2025

University of Louisville College of Business, Marketing and Communications
Web Development Intern

- Assist in developing the new and upcoming UofL College of Business website under the Drupal platform.
- Rebuild pages from the current Wordpress site, adapting content using available tools and components.
- Work across departments to ensure pages accurately reflect individual units and the organization as a whole.
- Optimize site structure for intuitive navigation across various potential user journeys.

Prior

June 2022 - October 2022
Target Inc., Food & Beverage Expert

June 2019 - August 2021
Shammy's Auto Wash, Attendant

Relevant Projects

Louisville Triangle Website

- Renovated louisvilletriangle.org. Contributions include design changes, updating information, and creating new graphics.

Information Systems Deliverables (CIS 320)

- Completed a semester-long community based activity creating a systems design specification plan for an outside client.

CIS Development Project (CIS 420)

- Continuation of previously mentioned project, focused on iteratively developing a functional web-based prototype for the same client.

College Involvement

Triangle Fraternity

Vice President of Pledge Education (2024-2025)
Webmaster (2022-2023)

RaiseRed

Dancer and fundraiser (2022-2024)
